

## TECHNICAL SPECIFICATION

Applications 2WD Tractor  
 Description COMMANDER 3 RIB is a 3-rib pattern front tire that provides excellent steering performance on loose and cultivated soil due to a wide and deep center rib. The strong casing along with the stubble-resistant compound ensure outstanding puncture resistance. COMMANDER 3 RIB also features superior wear resistance thanks to the optimized load distribution on center and shoulder ribs.

**Pattern Name**      **COMMANDER 3 RIB**

Version                STANDARD  
 Type                    TT
